

TRAINING & PLACEMENT CELL HGI

Placement at HITM is the culmination efforts of the students, faculty and our alumni of passed out students.

PLACEMENT CELL is also continuously involved with students different training activity for this crucial and decisive phase of placement interviews involved in the final year of their college life.

The Institute has a fully-fledged training & a placement cell, which works in close co-ordination with different Industries, This interface with industries helps the cell to provide ample career opportunities to all the students.

The Training & Placement cell also carries out mock drill, mock interviews and various personality enhancing workshops along with Mock interview programs, regular basis in both odd & even semesters

The placement cell acquires job description (JD) , job specifications roles and profile of the different organization along with their selection process & proposed dates for conducting interviews.

After grabbing all this information it is shared with the all eligible students through their common whatsapp groups, so that student get all these details & after self-evaluation / interest can apply in the desired company.

About 80% of our students got placed in various top companies through our different placement activities & annual JOB Fair organized every year in our institution.

Apart from placement interviews held in our campus our students also participate in different Job interviews through our University - AKTU Placement cell.

T&P team handles the entire process and paperwork related to recruitment drive at HGI.

The pre-placement talks are also planned before each interviews, to go on, in tandem to the academic calendar and through mutual convenience of the recruiters.

The pre-placement talk would entail a presentation by the company to appraise students about the organization, job requirements and job profiles offered. The recruiters can also gain insights about the expectations from students, where in they may enquire about performance and growth of company, work culture, possible career opportunities with your company and growth and an overview of the job profile, Compensation details and locations etc. Irrespective of their economic and family background HGI students share the same enthusiasm for taking up new challenges and gaining new perspectives.

Engineering college in India provides industry exposure to the students through industrial visits.

Placement cell of HITM also conducts periodical industrial visit to the reputed companies situated across the region. These Industrial visits provide the opportunity to our students to meet officials and staff of different companies at one common place and hence helps in gathering all possible information regarding the functioning of their organization.

After industrial visit, the students submit a report and present the same in the classroom through power point presentation.

The following are some of the companies visited by our students.

- ❖ **COCA COLA**
- ❖ **CENTRAL INSTITUTE OF PETROCHEMICA**
- ❖ **SHUDDHTAM**
- ❖ **SINGH CONSTRUCTIONS**
- ❖ **CANDLE FACTORY UTTARAKHAND**

❖ **PHARMACY INDUSTRIAL VISIT IN BADDI AND CHANDIGARH**

❖ **PARLE G INDUSTRIAL VISIT**

❖ **AIP ASTRO. INDUSTRIAL VISIT LUCKNOW**
